

File Code: 2430
Date: April 8, 2015

To: Prospective Purchasers and Interested Parties

Enclosed is the periodic Timber Sale Announcement for the Chippewa National Forest. Included are proposed sales to be offered during the period of April 1, 2015 through September 30, 2015.

Sales with a date listed in the DATE OF DECISION column are firm, have an approved Environmental Assessment and the decision to make the sale is final.

Analysis of past sales on the Chippewa shows no need for Small Business Set-Aside Sales for the upcoming six-month period.

There are three sales listed as "Stewardship". Stewardship contracts are a tool available to the Forest Service to enhance and restore landscapes by using the value of traded goods (timber) for important work on the ground (services). The stewardship contract prospectus will describe both the timber sale information and the service contract specifications. These types of contracts will be awarded on a best-value basis.

More detailed information concerning each sale may be obtained from this office or from the Ranger District involved. New this fiscal year, online timber sale information is available at www.fs.usda.gov/chippewa. The pre-bid documents, sale area map, and bid results are available at this website.
